Universeel argenta®
milling template

Argent Alu developed the *universal argenta® milling template*, suitable for the full range of *argenta® invisible* concealed hinges and the ordinary *argenta® lift-off* hinges so that the correct cut-outs can be easily achieved with a router.

A basic-set* includes:

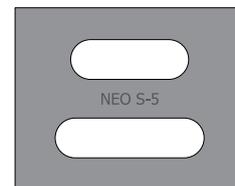

- 3x light grey synthetic base plates
- 2x light grey synthetic stop blocks
- 3x black synthetic template/insert plates**

* suitable for doors with 3 hinges; if one wishes to place 4 hinges, supplementary 2x black synthetic insert plates and 2x light grey synthetic basic plates must be ordered
** each type of hinge has its own specific insert plate (template)

For information: available black template plates:
